

Do you agree that this is still America and Ohioans have the right to own, breed, sell and exhibit the animals of their choice as long as they are housed and cared for properly? Do you want to send a message to the radical Humane Society of the U.S. to take their animal "rights" legislation elsewhere and leave Ohio alone? Do you oppose Governor Kasich and Jack Hanna's plan to **eradicate** exotic animals from the State of Ohio? If so, please contact the members of the Senate Agriculture & Natural Resources Committee and let them know you **oppose** Senate Bill 310:
